### BEER HISTORY

**D**uring middle ages, beers at celebrations and feasts became known as “church ales”. This included weddings in which a bride would dispense ale in return for wedding gifts. This ale was called brideale. Bride-ale -> Bridal. That’s right, we get “bridal” from brides giving out beer!

## Ode to a Beer Can

BY GARY FAIRCHILD, HOGTOWN BREWERS

Oh empty beer can in the street, down trodden by passing feet,  
What has happened to your pride, as now you lie upon your side?

Once your life was oh so grand, as you coolly clung to some warm hand.

Yours was a love that soothed all strife. You were not a habit, but a way of life.

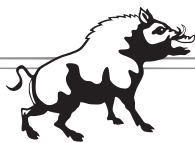

Hailed by both sophisticates and clods as the golden nectar of the gods,

You were passed among comrade and friend, but, alas, 12 ounces must come to an end.

For life is short and life is sweet and so your fate you had to meet.  
Some bottles get all the breaks, they say. Too bad you were a throwaway.

**Girls Pint Out (GPO)** is a national craft beer organization for women with a mission to build a community of women who love craft beer and who are an active, contributing part of the greater craft beer community. Many female members in Hogtown are also active in GPO. We’re not saying what you should do... we’re just saying that’s what they do!
